`earnrs_7222` *How many in family earned money?*

Description

earnrs_7222

Details

Question Just thinking about your family now–those people in the household who are related to you . . . How many persons in the family, including yourself, earned any money last year -(the previous year) - from any job or employment?

As of 2024, EARNRS has been recoded to only account for 0 to 3+ household earners. This has been retroactively applied to all previous years of EARNRS. The original EARNRS containing data from 1972 to 2022 has been renamed EARNRS_7222.

engnuke *Nuclear engineers understand nuclear power*

Description

engnuke

Details

Question Here's another public issue: nuclear power. Nuclear power uses the energy of the atom to generate electricity. some people say that nuclear power is a safe option to meet the energy needs of the United States without burning fossil fuels such as coal, oil, or natural gas. Others are concerned about potential risks in the operation of nuclear plants and about the disposal of nuclear waste. Please look at Card E13. (On a scale of 1 to 5, where 1 means "Very Well" and 5 means Not At All), how well do the following groups understand the likely effects of using nuclear power to generate electricity? C. `engteach` *Opinion on teaching classes only in english*

Description

engteach

Details

Question There are several different ideas about how to teach children who don't speak English when they enter our public schools. Please look at the card and tell me which statement best describes how you feel: All classes should be conducted only in English so that children have to learn English right from the start. . . . . 1 Children who don't know English should have classes in their native language just for a year or two until they learn English. . . . . 2 Students who want to keep up with their native languages and cultures should be able to take many of the classes in Spanish or other languages All the way through high school. 3

`eqwlth` *Should govt reduce income differences*

Description

eqwlth

Details

Question A. Some people think that the government in Washington ought to reduce the income differences between the rich and the poor, perhaps by raising the taxes of wealthy families or by giving income assistance to the poor. Others think that the government should not concern itself with reducing this income difference between the rich and the poor. Here is a card with a scale from 1 to 7. Think of a score of 1 as meaning that the government ought to reduce the income differences between rich and poor, and a score of 7 meaning that the government should not concern itself with reducing income differences. What score between 1 and 7 comes closest to the way you feel? (CIRCLE ONE):

ethorgs *Do ethnic orgs promote separatism*

Description

ethorgs

Details

Question Now I'm going to read you some statements and would like to get your reaction to them. After I read each statement, please tell me if you strongly agree, agree, neither agree nor disagree, disagree, or strongly disagree with the statement. Political organizations based on race or ethnicity promote separatism and make it hard for all of us to live together.

`fareasns` *Self supporting - live off welfare*

Description

fareasns

Details

Question Now I have some questions about different groups in our society. I'm going to show you a seven-point scale on which the characteristics of people in a group can be rated. In the first statement a score of 1 means that you think almost all of the people in that group are "rich." A score of 7 means that you think almost everyone in the group are "poor." A score of 4 means you think that the group is not towards one end or another, and of course you may choose any number In between that comes closest to where you think people in the group stand. E. Do people in these groups tend to prefer to be self-supporting or do they tend to prefer to live off welfare? 4. Asian Americans?

frndking *Contrast between friend and king*

Description

frndking

Details

Question There are many different ways of picturing God. We'd like to know the kinds of images you are most likely to associate with God. Here is a card with sets of contrasting images. On a scale of 1-7 where would you place your image of God between the two contrasting images? (HAND CARD AE) The first set of contrasting images shows Mother at 1 on the scale and Father at 7. If you imagine God as a Mother you would place yourself at 1. If you imagine God as a Father, you would place yourself at 7. If you imagine God as somewhere between Mother and Father, you would place yourself at 2, 3, 4, 5, or 6. (REPEAT EXAMPLE AS NECESSARY FOR EACH ITEM A-F, SUBSTITUTING IMAGES A-F FOR "MOTHER" AND "FATHER".) Where would you place your image of God on the scale for . . . READ EACH SET OF IMAGES AND CIRCLE ONE CODE FOR EACH.

Question Please tell me the names of the people who usually live in this household. Let's start with the head of the household. (LIST ON LINES 01-10 BELOW.) Have we forgotten anyone: such as babies or small children; roomers; people who usually live here, but are away temporarily–on business trips, vacations, at school, temporarily in a hospital, and so on? (LIST ADDITIONAL PERSONS ON LINES 01-10 BELOW.) Are there any people currently staying here–visitors, friends or relatives–do not usually live here? (LIST VISITORS ON LINES 11-14 BELOW.) A. What is that (PERSON'S) relationship to the HEAD OF HOUSEHOLD? B. Code sex. (ASK IF NOT OBVIOUS). C. How old was (HEAD/PERSON) on (his/her) last birthday? D. IF 13 YRS OR OLDER ASK: Is (PERSON) now married, widowed, divorced, separated, or has (he/she) never been married? E. Are any of the people we have listed staying somewhere else right now? If yes, who is staying somewhere else right now? F. Where is (PERSON) staying right now? Is (PERSON) staying at another household; Is (he/she) traveling; Is (he/she) in some institution or dormitory–like at college or in a hospital or something; or what? 2. Gender of first person

gender5 *Gender of 5th person*

Description

gender5

Details

Question Please tell me the names of the people who usually live in this household. Let's start with the head of the household. (LIST ON LINES 01-10 BELOW.) Have we forgotten anyone: such as babies or small children; roomers; people who usually live here, but are away temporarily–on business trips, vacations, at school, temporarily in a hospital, and so on? (LIST ADDITIONAL PERSONS ON LINES 01-10 BELOW.) Are there any people currently staying here–visitors, friends or relatives–do not usually live here? (LIST VISITORS ON LINES 11-14 BELOW.) A. What is that (PERSON'S) relationship to the HEAD OF HOUSEHOLD? B. Code sex. (ASK IF NOT OBVIOUS). C. How old was (HEAD/PERSON) on (his/her) last birthday? D. IF 13 YRS OR OLDER ASK: Is (PERSON) now married, widowed, divorced, separated, or has (he/she) never been married? E. Are any of the people we have listed staying somewhere else right now? If yes, who is staying somewhere else right now? F. Where is (PERSON) staying right now? Is (PERSON) staying at another household; Is (he/she) traveling; Is (he/she) in some institution or dormitory–like at college or in a hospital or something; or what? 2. Gender of fifth person

gender9 *Gender of 9th person*

Description

gender9

Details

Question Please tell me the names of the people who usually live in this household. Let's start with the head of the household. (LIST ON LINES 01-10 BELOW.) Have we forgotten anyone: such as babies or small children; roomers; people who usually live here, but are away temporarily–on business trips, vacations, at school, temporarily in a hospital, and so on? (LIST ADDITIONAL PERSONS ON LINES 01-10 BELOW.) Are there any people currently staying here–visitors, friends or relatives–do not usually live here? (LIST VISITORS ON LINES 11-14 BELOW.) A. What is that (PERSON'S) relationship to the HEAD OF HOUSEHOLD? B. Code sex. (ASK IF NOT OBVIOUS). C. How old was (HEAD/PERSON) on (his/her) last birthday? D. IF 13 YRS OR OLDER ASK: Is (PERSON) now married, widowed, divorced, separated, or has (he/she) never been married? E. Are any of the people we have listed staying somewhere else right now? If yes, who is staying somewhere else right now? F. Where is (PERSON) staying right now? Is (PERSON) staying at another household; Is (he/she) traveling; Is (he/she) in some institution or dormitory–like at college or in a hospital or something; or what? 2. Gender of ninth person

genejob *Should employers give genetic tests*

Description

genejob

Details

Question Here are some questions about a new scientific technology called "genetic screening." Using genetic screening, it is now possible to tell whether someone has inherited a tendency to develop certain cancers and certain forms of heart disease. These tests do not mean that a person will always develop the disease, but only that he or she may do so, depending on other conditions. A. Should employers have the right to give these genetic tests to people who are applying for a job, or shouldn't they have that right?

I mean making a voluntary contribution and not with the intention of making a profit or obtaining goods and/or services for yourself. In which, if any, of the fields listed on this card have you and the members of your family or household contributed some money or other property in 1995? Just read off the letter of each field (DON'T READ. RECORD BELOW UNDER GIVHLTH-GIVOTH.) K. Youth development

`gmbiz` *How well business leader know risk by genetically modified foods*

Description

gmbiz

Details

Question Here is another public issue: genetically modified foods. Genetically modified foods come from plants or animals whose characteristics have been changed by the alteration, addition, or deletion of DNA in their genetic material using advanced laboratory techniques. Some say that genetically modified foods are unsafe and pose risks for human health. Others say that they are safe and necessary to reduce world hunger. Please look at Card B15. (On a scale of 1 to 5, where 1 means "Very Well" and 5 means "Not at All"), how well do the following groups understand the risks posed by genetically modified foods? INSTRUCTION: IF ASKED WHAT "ADVANCED LABORATORY TECHNIQUES" MEANS: This typically involves "recombinant DNA" or "gene splicing," in which genetic material from one organism is inserted into the genes of another. Sometimes, the two organisms are members of different species. C. Business leaders

gss_doc *Data Dictionary for the GSS Cumulative Data File 1972-2024 Release 3*

Description

A tibble containing information on the variables in the GSS Cumulative Data File.

Usage

```
gss_doc
```

Format

An object of class `tbl_df` (inherits from `tbl`, `data.frame`) with 6942 rows and 10 columns.

Details

A tibble.

- `variable` The name of the variable. (Character.)
- `description` The variable's label. 'r' means 'Respondent'. (Character.)
- `question` The question as asked. (Character)
- `value_labels` Vector of values taken by the variable. (Character)
- `var_yrtab` Crosstab of responses by year. Stored in a list-column. The tibbles contain `year` values in the rows and value labels across their columns, with response freqencies in the cells as counts. (List.)
- `yrballot_df` Crosstab of ballots by year. Stored in a list-column. (List)
- `module_df` Tibble showing which module or modules the question belongs to. (List)
- `subject_df` Tibble of NORC subject or topic classifications for the variable. (List)
- `norc_id` The variable's ID on GSS Data Explorer. (Integer)
- `norc_url` The URL for the variable's page on the GSS Data Explorer. (Character.)

gss_panel_doc *Codebook for the GSS Three Wave Panel*

Description

A tibble containing information on the variable in the GSS Three Wave Panel Data File, in wide format. See http://gss.norc.org/Get-Documentation for full documentation of the variables.

Usage

```
gss_panel_doc
```

Format

An object of class `tbl_df` (inherits from `tbl`, `data.frame`) with 628 rows and 9 columns.

Details

A tibble with 628 rows and nine columns.

- `id` The short name of the variable, without its wave identifier. A character vector.
- `description` Brief description of the variable. A character vector.
- `text` Further more detailed information on the question asked and the directions provided.
- `properties_1` A list column containing information on the variable's data type, its missing value codes, and its record/column location for Wave 1 of the panel.
- `properties_2` A list column containing information on the variable's data type, its missing value codes, and its record/column location for Wave 2 of the panel.
- `properties_3` A list column containing information on the variable's data type, its missing value codes, and its record/column location for Wave 3 of the panel.
- `marginals_1` A list column containing a summary of the values taken by the variable in Wave 1 of the panel.
- `marginals_2` A list column containing a summary of the values taken by the variable in Wave 2 of the panel.
- `marginals_3` A list column containing a summary of the values taken by the variable in Wave 3 of the panel.

```
gss_which_ballots(question)
```

Arguments

question	A GSS variable name (in lower case) Columns returned are • variable Variable name • year GSS year • ballots Ballots, separated by a slash /, with - for blank or inapplicable • availability Can be full or partial

Value

A tibble with the name of the variable and the ballot information.

Examples

```
## Not run:
gss_which_ballots(fefam)

## End(Not run)
```

guerilla *Possibility of guerilla wars*

Description

guerilla

Details

Question I'm going to read you some possible military situations the U.S. might face in the next ten years. (HAND CARD BB) Some people feel these situations are certain to happen (think of these as point 7 on the scale), others think these situations won't happen at all (think of these as point 1 on the scale). And of course some people have opinions somewhere in between. For each of these possible military situations, please give me your best guess as to how likely it is to happen. For example, an all-out atomic war. Where would you put the likelihood of an all-out atomic war during the next ten years? (Would you say 7–it is certain to happen, 1–it won't happen at all, or something in between?) (CIRCLE ONE CODE FOR "A" AND REPEAT FOR B-F) F. Repeated guerilla wars against left wing rebels?

gvtapart *Should govt policy maintain distinct cultures*

Description

gvtapart

Details

Question Some people say that it is better for America if different racial and ethnic groups maintain their distinct cultures. Others say that it is better if groups change so that they blend into the larger society as in the idea of a melting pot. Here is a card with a scale from 1 to 7. Think of a score of 1 as meaning that racial and ethnic groups should maintain their distinct cultures, and a score of 7 as meaning that groups should change so that they blend into the larger society. What score between 1 and 7 comes closest to the way you feel? (CIRCLE ONE): A. Should it be up to the government to help racial and ethnic groups maintain their distinct cultures, or should this be left up to the groups themselves?

helppoor *Should govt improve standard of living?*

Description

helppoor

Details

Question I'd like to talk with you about issues some people tell us are important. Please look at CARD BC. Some people think that the government in Washington should do everything possible to improve the standard of living of all poor Americans; they are at Point 1 on this card. Other people think it is not the government's responsibility, and that each person should take care of himself; they are at Point 5. A. Where would you place yourself on this scale, or haven't you have up your mind on this?

Values

- [1] government should help
- [3] agree with both
- [5] people should care for themselves

`hinumok` *Number of hispanics in military*

Description

hinumok

Details

Question As you know, this country stopped the military draft in 1972. Since that time we have relied on volunteers. Now I'd like to ask you a few questions about our armed forces. D. At the present time, about 4 percent of the armed forces are Hispanics. All things considered, do you think there are too many Hispanics in the armed forces, about the right number, or should there be more Hispanics in the armed forces? RECORD UNDER "D" BELOW.

Values

- `[1]` too many
- `[2]` about right number
- `[3]` should be more

Description

hivtest2

Details

Question Have you ever been tested for HIV? Do not count tests you may have had as part of a blood donation. Include oral test (where they take a swab from your mouth). B. Where did you have your last HIV test – at a private doctor or HMO office, at a counselling and testing site, at a hospital, at a clinic, in a jail or prison, at home, or somewhere else? As of 2024, HIVTEST2 has been recoded to only account for seven categories by combining jail, home, and drug treatment facility into "Somewhere else." This has been retroactively applied to all previous years of HIVTEST2. The original HIVTEST2 containing data from 2006 to 2022 has been renamed HIVTEST2_0622.

`huntbear` *True-false: hunting make polar bear extinct than climate change*

Description

huntbear

Details

Question The next few questions are about the Arctic and the Antarctic. The Arctic is the region around the North Pole; Antarctic is the region that contains the South Pole. These questions are like ones you might see on a television game show. If you don't know or aren't sure, just tell me so, and we will skip to the next question. Remember true, false, or don't know. D. Hunting is more likely than climate change to make polar bears become extinct. (Is that true or false?)

immfare *Immigrants eligible for govt assistance?*

Description

immfare

Details

Question Under current law, immigrants who come from other countries to the United States legally are entitled, from the very beginning, to government assistance such as Medicaid, food stamps, or welfare on the same basis as citizens.
