organsb *Which procedures be used to assign the organ*

Description

organsb

Details

Question Recently, medical science has made it possible to save lives by transplanting body parts from donors to patients who need them. But for some body organs there are not enough to go around, and some patients die before they can obtain a transplant. When only one organ is available and several patients need it for survival, the organ could be assigned to a patient by one of the following procedures: (READ PROCEDURES ON SHOWCARD) By auction: The organ is assigned to the patient who can pay the most for it. By first come, first served: the organ is assigned to the patient who has been waiting the longest. By lottery: The organ is assigned to the patient whose name is drawn at random. By merit: The organ is assigned to the patient who can make the greatest contribution to others and society. A. Which of these procedures should be used to assign the organ among the patients who need it for survival: auction, first come/first served, lottery, or merit? (CODE ONE RESPONSE ONLY)

`paidhow` *How are you paid*

Description

paidhow

Details

Question In this section, we ask about your work hours and how you are paid. When referring to jobs, we are referring to jobs for which you work for pay, not volunteer work, unpaid housework, or other unpaid activities. When we refer to work hours, we ask you to include all hours performed for a paid job, including any extra hours, overtime, work you did at home for your paid job, and hours that may not have been directly billable or compensated. Are you salaried, paid by the hour, or paid some other way? If you have more than one job, think of the job in which you spend the most hours working each week.

Values

- `[1]` salary
- `[2]` by the hour
- `[3]` earnings from business
- `[4]` piecework
- `[5]` by the job/project

- [6] wage + commission
- [7] by hour + tips

`palefull` *Afterlife contrast: shadows or full*

Description

palefull

Details

Question A. People picture life after death in many different ways. We'd like to know how you think of life after death. Here is a card with sets of contrasting images. On a scale of 1-7 where would you place your image of life after death. Look at the first set of contrasting images. If you think that life after death is "A life like the one here on earth only better," you would place yourself at 1. If you think it is "A life without many things which make our present life enjoyable" you would place yourself at 7. If you think it is somewhere between these two you would place yourself at 2, 3, 4, 5, or 6. Where would you place your images of life after death for . . .?

`papres105plus` *Father's occupational prestige score using threshold method (2010)*

Description

papres105plus

Details

Question PAPRES105PLUS is based on the 2010 Census occupation classification. This prestige score is calculated using an alternative method, based on the percentage of ratings that is greater than or equal to a threshold (rating five). The effect of individual raters is also removed using hierarchical linear modeling (HLM).

patrasns *Unpatriotic - patriotic*

Description

patrasns

Details

Question Now I have some questions about different groups in our society. I'm going to show you a seven-point scale on which the characteristics of people in a group can be rated. In the first statement a score of 1 means that you think almost all of the people in that group are "rich." A score of 7 means that you think almost everyone in the group are "poor." A score of 4 means you think that the group is not towards one end or another, and of course you may choose any number In between that comes closest to where you think people in the group stand. F. Do people in these groups tend to be patriotic or do they tend to be unpatriotic? 4. Asian Americans?

patrjews *Unpatriotic - patriotic*

Description

patrjews

Details

Question Now I have some questions about different groups in our society. I'm going to show you a seven-point scale on which the characteristics of people in a group can be rated. In the first statement a score of 1 means that you think almost all of the people in that group are "rich." A score of 7 means that you think almost everyone in the group are "poor." A score of 4 means you think that the group is not towards one end or another, and of course you may choose any number In between that comes closest to where you think people in the group stand. F. Do people in these groups tend to be patriotic or do they tend to be unpatriotic? 2. Jews?

Description

polaryr4

Details

Question 2007-2008 has been designated the International Polar Year. During this year, many scientific and educational organizations will be making efforts to increase public awareness of the Earth's polar regions. These organizations hope that people will learn more about the people and animals that live near the poles, the changes taking place in the environment there, and new scientific discoveries about the Arctic and the Antarctic. Still looking at Card B22, do you think you would be very likely, somewhat likely, somewhat unlikely, or very unlikely to... D. Go to a museum to see an exhibit about the polar regions?

Description

polnuke

Details

Question Here's another public issue: nuclear power. Nuclear power uses the energy of the atom to generate electricity. some people say that nuclear power is a safe option to meet the energy needs of the United States without burning fossil fuels such as coal, oil, or natural gas. Others are concerned about potential risks in the operation of nuclear plants and about the disposal of nuclear waste. Please look at Card E13. (On a scale of 1 to 5, where 1 means "Very Well" and 5 means Not At All), how well do the following groups understand the likely effects of using nuclear power to generate electricity? A. Details

Question Problems often come up in life. Sometimes they're personal problems – people are very unhappy, or nervous and irritable all the time. Sometimes there are problems in a marriage – a husband and wife just can't get along with each other. Or, sometimes it's a personal problem with a child or a job. I'd like to ask you a few questions now about what you think a person might do to handle problems like this. For instance, let's suppose you had a lot of personal problems and you're very unhappy all the time. Let's suppose you've been that way for a long time, and it isn't getting any better. What do you think you'd Do about it?

1. What R would do about the problem – First mention.

Description

prottemp

Details

Question I'd like to get your feelings toward groups that are in the news these days. I will use something we call the feeling thermometer, and here is how it works: I'll read the names of a group and I'd like you to rate that group using the feeling thermometer. Ratings between 50 degrees and 100 degrees mean that you feel favorable and warm toward the group. Ratings between 0 degrees and 50 degrees mean that you don't feel favorable toward the group and that you don't care too much for that group. If we come to a group whose name you Don't recognize, you don't need to rate that group. Just tell me and we'll move on to the next one. IF you do recognize the name, but you don't feel particularly warm or cold toward the group, you would rate the group at the 50 degree mark. How would you rate this group using the thermometer? C. Protestants

Description

racethmn

Details

Question In describing our background, we often ask someone which racial or ethnic groups best describes them. Imagine if we used instead a 10 point system where points are allocated to whichever racial or ethnic groups the respondent thinks accurately describes themselves. For example, if you think of yourself as just Latino, you would allocate all 10 points to Latino. Or if you think of yourself as mixed race, but more African American than white, you might allocate 6 or 7 points to black and 3 or 4 points to white. Thinking of your background in racial and ethnic terms ... How would you describe your race and ethnicity using this 10-point system using the following choices: G. Specified other ethnicities

`rdeemlib` *Contrast between redeemer and liberator*

Description

rdeemlib

Details

Question There are many different ways of picturing God. We'd like to know the kinds of images you are most likely to associate with God. Here is a card with sets of contrasting images. On a scale of 1-7 where would you place your image of God between the two contrasting images? (HAND CARD AE) The first set of contrasting images shows Mother at 1 on the scale and Father at 7. If you imagine God as a Mother you would place yourself at 1. If you imagine God as a Father, you would place yourself at 7. If you imagine God as somewhere between Mother and Father, you would place yourself at 2, 3, 4, 5, or 6. (REPEAT EXAMPLE AS NECESSARY FOR EACH ITEM A-F, SUBSTITUTING IMAGES A-F FOR "MOTHER" AND "FATHER".) Where would you place your image of God on the scale for . . . READ EACH SET OF IMAGES AND CIRCLE ONE CODE FOR EACH.

Details

Question Please tell me the names of the people who usually live in this household. Let's start with the head of the household. (LIST ON LINES 01-10 BELOW.) Have we forgotten anyone: such as babies or small children; roomers; people who usually live here, but are away temporarily–on business trips, vacations, at school, temporarily in a hospital, and so on? (LIST ADDITIONAL PERSONS ON LINES 01-10 BELOW.) Are there any people currently staying here–visitors, friends or relatives–do not usually live here? (LIST VISITORS ON LINES 11-14 BELOW.) A. What is that (PERSON'S) relationship to the HEAD OF HOUSEHOLD? B. Code sex. (ASK IF NOT OBVIOUS). C. How old was (HEAD/PERSON) on (his/her) last birthday? D. IF 13 YRS OR OLDER ASK: Is (PERSON) now married, widowed, divorced, separated, or has (he/she) never been married? E. Are any of the people we have listed staying somewhere else right now? If yes, who is staying somewhere else right now? F. Where is (PERSON) staying right now? Is (PERSON) staying at another household; Is (he/she) traveling; Is (he/she) in some institution or dormitory–like at college or in a hospital or something; or what?

relate14 *Relation of 14th person (visitor) to head*

Description

relate14

Details

Question Please tell me the names of the people who usually live in this household. Let's start with the head of the household. (LIST ON LINES 01-10 BELOW.) Have we forgotten anyone: such as babies or small children; roomers; people who usually live here, but are away temporarily–on business trips, vacations, at school, temporarily in a hospital, and so on? (LIST ADDITIONAL PERSONS ON LINES 01-10 BELOW.) Are there any people currently staying here–visitors, friends or relatives–do not usually live here? (LIST VISITORS ON LINES 11-14 BELOW.) A. What is that (PERSON'S) relationship to the HEAD OF HOUSEHOLD? B. Code sex. (ASK IF NOT OBVIOUS). C. How old was (HEAD/PERSON) on (his/her) last birthday? D. IF 13 YRS OR OLDER ASK: Is (PERSON) now married, widowed, divorced, separated, or has (he/she) never been married? E. Are any of the people we have listed staying somewhere else right now? If yes, who is staying somewhere else right now? F. Where is (PERSON) staying right now? Is (PERSON) staying at another household; Is (he/she) traveling; Is (he/she) in some institution or dormitory–like at college or in a hospital or something; or what?

Description

relate6

Details

Question Please tell me the names of the people who usually live in this household. Let's start with the head of the household. (LIST ON LINES 01-10 BELOW.) Have we forgotten anyone: such as babies or small children; roomers; people who usually live here, but are away temporarily–on business trips, vacations, at school, temporarily in a hospital, and so on? (LIST ADDITIONAL PERSONS ON LINES 01-10 BELOW.) Are there any people currently staying here–visitors, friends or relatives–do not usually live here? (LIST VISITORS ON LINES 11-14 BELOW.) A. What is that

(PERSON'S) relationship to the HEAD OF HOUSEHOLD? B. Code sex. (ASK IF NOT OBVIOUS). C. How old was (HEAD/PERSON) on (his/her) last birthday? D. IF 13 YRS OR OLDER ASK: Is (PERSON) now married, widowed, divorced, separated, or has (he/she) never been married? E. Are any of the people we have listed staying somewhere else right now? If yes, who is staying somewhere else right now? F. Where is (PERSON) staying right now? Is (PERSON) staying at another household; Is (he/she) traveling; Is (he/she) in some institution or dormitory–like at college or in a hospital or something; or what?

Description

restact

Details

Question A. People picture life after death in many different ways. We'd like to know how you think of life after death. Here is a card with sets of contrasting images. On a scale of 1-7 where would you place your image of life after death. Look at the first set of contrasting images. If you think that life after death is "A life like the one here on earth only better," you would place yourself at 1. If you think it is "A life without many things which make our present life enjoyable" you would place yourself at 7. If you think it is somewhere between these two you would place yourself at 2, 3, 4, 5, or 6. Where would you place your images of life after death for . . .?

schleth *Ethnicity or professional schools mirror students*

Description

schleth

Details

Question Some people say that it is only fair that in a society like ours, people holding public office should have roughly the same racial or ethnic background as the population as a whole. So, for example, if 30pct of the people were Hispanic, then 30pct of the public officials should be Hispanic as well. Others say that in choosing people for public office they should be considered purely on the basis of ability without regard to their ethnic or racial background. Let me ask you about these ideas in several different areas. C. What about students in medical, law, and other professional schools? Should they have roughly the same racial or ethnic background as the people in their area, or should they be considered purely on the basis of their ability without regard to their racial or ethnic background?
